SUMMARY

ICT undergraduate at SUSS with a business background in digital marketing, e-commerce and high-volume retail. Former SAF Section Commander, calm under pressure and able to explain technical work to non-technical people.

EDUCATION

Singapore University of Social Sciences (SUSS)	Jul 2025 – Present
<i>Bachelor of Science in Information and Communication Technology</i>	Expected grad. May 2029
Nanyang Polytechnic	Jul 2020 – Mar 2023
<i>Diploma in Business Management (Digital Marketing, E-Commerce & Retail Management)</i>	GPA 3.09 / 4.00
Head Trainer, NYP Urban Strength (2020 – 2023): led training programmes and coached new members. Finalist / Merit Award, NYP x Geomico Digital Marketing Competition (2022).	

PROJECTS

Supermarket Web Application Web Application Development Python, Flask, MongoDB	Jul – Oct 2026
- Built an online grocery store with category filters, a stock-aware cart and checkout, order history, and reviews. - Added role-based login (admin vs customer) and an admin product editor with input validation; tested every flow against the spec.	
Lab Sample Tracking Database Database Management Systems SQL Server	Jul – Oct 2026
Designed a database for tracking viruses, variants and lab samples from ER diagram to BCNF/4NF, then wrote the SQL.	
Possum Regression Model Machine Learning (group project) Python, Jupyter Notebook	Jul – Oct 2026
Owned the regression section: prepared the possum dataset, then trained and evaluated regression models.	
Personal Portfolio & Matthew_OS HTML, CSS, JavaScript, GitHub Pages	2026
Built and deployed two responsive portfolio sites, one styled as an OS desktop; joined the SUSS Open Source Hackathon.	

WORK EXPERIENCE

One Farrer Hotel AV Crew (Part-time)	Oct 2026 – Present
Set up and run audio-visual equipment for hotel events, troubleshooting sound and display issues live while working with event staff to keep programmes on schedule.	
Singapore Armed Forces GPMG Section Commander & Media IC	Jul 2023 – Aug 2025
- Led a section through overseas exercises: Exercise Wallaby (Australia) and SAFKAR INDOPURA 36/24 (Indonesia). - As Media IC, produced training videos and yearbooks and designed company apparel; extended service for NDP 60.	
MLB Korea Service Associate	Jan 2023 – May 2023
Kept checkout and floor operations running during peak hours while driving cross-selling and maintaining stock accuracy.	
Zara Sales Associate cum Cashier (Internship)	May 2022 – Aug 2022
Supported a flagship store doing about S\$3 million in monthly sales, using POS and inventory systems to track stock.	
Nanyang Polytechnic, Teaching Enterprise Programme Business Management Intern	Mar 2022 – May 2022
Pitched a marketing proposal for Cheers (NTUC FairPrice)'s unmanned, AI-powered campus store and helped launch its Instagram mascot "NYP Kai".	
The Green Lab Founder	Dec 2021 – Feb 2022
Built and ran an e-commerce business end to end, growing it through social media and livestream selling.
